

SERVICE BULLETIN

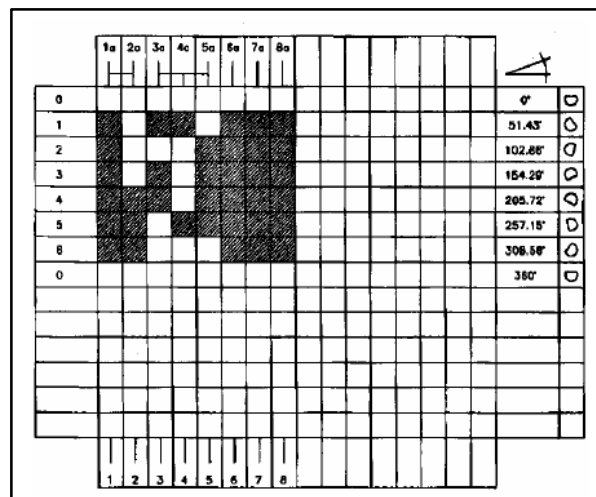

Date	14/06/04
Document n°	FRN-SB2004-05-introduction ECO function on A-class ovens-GB
Last Doc. n°	FRN-SB2004-04-Modification knobs_ front panel canali ovens-GB
Brand	Smeg - WW
Models involved	Multifunctional fan-operated 60cm ovens Series -5
Cause	Introduction of ECO functions on all ovens with Energy Class A
Description of modification	On all ovens with Energy Class A mounting commutator part nos. 811730270-0271-0272 , a new commutator part no. 811730302 is introduced. Consequently, the symbols on the front panel have changed in order to obtain 6 functions on all ovens, maintaining an ECO function (grill+bottom heating+fan) and introducing the convection+fan function (ceiling+bottom+fan).
Date of introduction	Starting from 23/04/04 and gradually on all models. To recognize immediately which commutator is mounted onto the appliance, look at the front panel.
Interchangeability	NO- on ovens with the old commutator, it is necessary to replace both commutator and front panel.

SERVICE BULLETIN**Wiring connection:**

to replace 811730271 with 811730302 : connect the pins serially, from contact 1 tot contact 6

to replace 811730270 with 811730302 : connect the pins serially, from contact 1 tot contact 6

to replace 811730272 with 811730302: connect the pins in the following way:

811730272		811730302
1-1a	⇒	1-1a
2-2a	⇒	2-2a
5-5a	⇒	3-3a
6-6a	⇒	4-4a
7-7a	⇒	5-5a
9-9a	⇒	6-6a

Two contacts on the commutator 811730302 remain free.

For further information, we refer to the wiring diagram you can download on Smegtech.
