

VERSION	00	First version
Document n°	LVS-SB2014-01-00- clutch kit for built-in models	
Brand	SMEG	
Models involved	All built-in models series 820h and 860h	
Cause	Functional improvement	
Modification description	The original clutch has been replaced with a new component whose configuration has been updated (<i>kit p/n 690072859</i>). The new component is with free wheel which allows a better sliding.	
Introduction date	20/01/2014	
Interchangeability	yes	

NEW CLUTCH APPLICATION

 <p>left</p>	 <p>right</p>
<p>LEFT CLUTCH</p>	<p>RIGHT CLUTCH</p>
	
<p>1-Remove the cord.</p>	

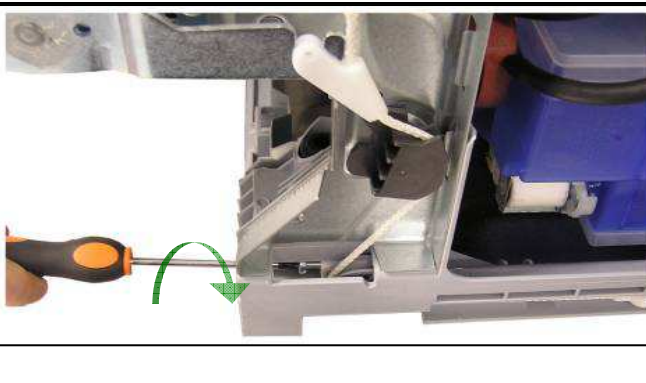

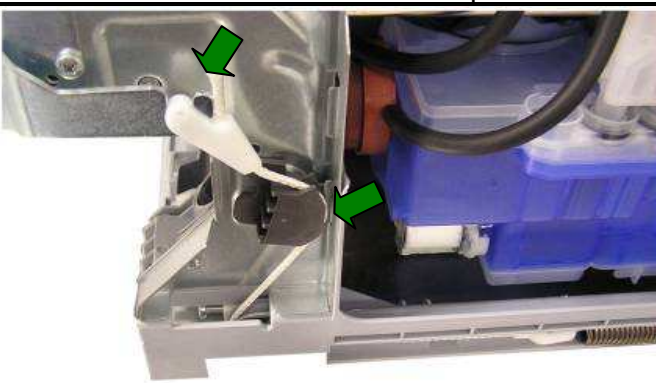

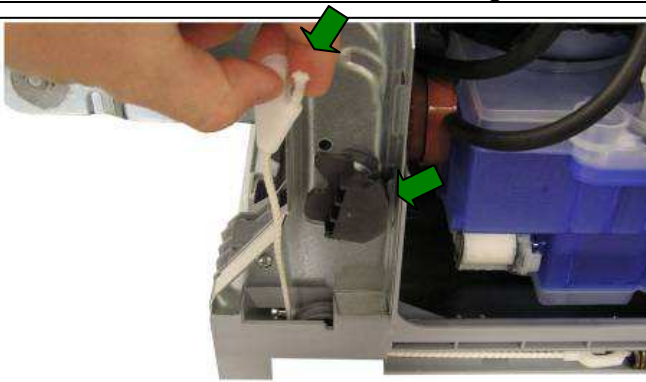

2-Remove the clutch.

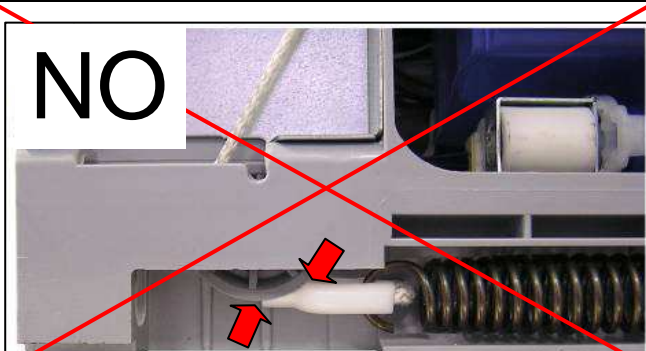

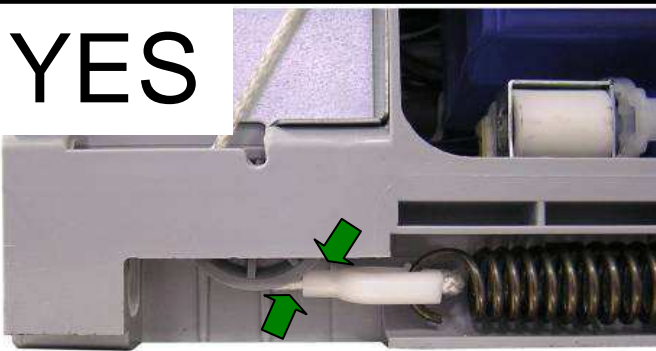

3-Now fit the clutch with the new sliding wheel..

4-Position the cord and be careful to pass it on the sliding wheel.

5-Adjust the screw with a Phillips screwdriver to get the proper "hardness"....

...Be careful that the cord end does not interfere with the sliding wheel.
